

**Fibreco Export Inc.**, a bulk material handling facility located in North Vancouver, seeks Maintenance/Operations supervisors.

The successful candidates will possess either a mechanical or electrical maintenance background with solid academic credentials. (B.C. Trades Qualification Certificate (B.C.T.Q.) or other recognized equivalent provincial Trades or Technical Certification)

Reporting to the Terminal Manager and/or his designate(s), the incumbent will demonstrate superior organizational, planning skills and must have the ability to work autonomously, with confidence, initiative, and to persevere under often challenging circumstances. Must have the ability to motivate and direct crews under their immediate supervision in a safe and efficient manner. Must have the ability to develop and maintain effective relationships with other Foremen and management.

Demonstrating superior mechanical aptitude, the successful candidates will have experience with preventative maintenance principles, systems, software, Microsoft Office Suite, and an understanding of materials handling equipment in a computerized environment. The ability to read, understand and interpret technical drawings is required.

As this position will also involve work in Operations, the successful candidates will have experience and knowledge of bulk materials handling equipment, both mobile and fixed.

All applicants will undergo interviews and appropriate testing to determine suitability for the position. The successful candidates will be required as a condition of employment to undergo a Company sponsored medical examination.

Qualified individuals should apply (via email only) in confidence to: [feedback@fibreco.com](mailto:feedback@fibreco.com)
